## 2. Purpose of joint processing

Joint processing is carried out for the purpose of [e.g., uniform management of employee data, central coordination of customer and transport orders, ensuring the Group's IT and communication systems, protection of locations through video surveillance].

It serves to efficiently handle group-wide processes and to uniformly implement legal and organizational requirements.

## 3. Roles and Responsibilities

The companies of the Duvenbeck Group have established in an agreement pursuant to Art. 26 GDPR who fulfills which obligations in connection with processing.

Essentially, the following applies:

- Information obligations (Art. 13 and 14 GDPR) are fulfilled by the lead company (Duvenbeck Logistics GmbH & Co. KG).
- Handling of data subject requests (Articles 15 through 22 of the GDPR) is carried out centrally by the Data Protection Coordination Office ([datenschutz@duvenbeck.de](mailto:datenschutz@duvenbeck.de)).
- Technical and organizational measures (TOMs) are coordinated across the group and reviewed regularly.
- Data breach notifications are made by the lead company in coordination with the other involved controllers.

## 4. Rights of Data Subjects

Regardless of the internal distribution of responsibilities, you may exercise your rights to access, rectification, erasure, restriction, objection, or data portability with any of the companies listed above.

Inquiries are handled jointly within the corporate group to ensure a consistent and complete response.

## 5. Contact for Data Protection Inquiries

For all data protection matters, the following central contact point is available to you: [datenschutz@duvenbeck.de](mailto:datenschutz@duvenbeck.de)
